

**Tech Tuesday**

**February 6, 2024**

**2:00 pm Central Time (Zoom)**

**United States Patent and Trademark Center**

Patenting an invention and trademarking a product name can be challenging. The US Patent and Trademark Center representatives are information experts trained on how to use search tools to access patent and trademark information.

They provide the human touch that no webpage or legal book can provide in helping inventors and small businesses find the information they need to protect their intellectual property.
